

recently, this one from a Korean War veteran and his wife in Alderson, WV. They were upset to learn that when the wife turned 65, she lost all of her CHAMPVA benefits. As a result, she was forced to pay more than \$300 per month for her diabetes and heart medications, in addition to all the other new costs for care not covered by Medicare. With Social Security and disability compensation as their only income, this couple is struggling to absorb this enormous new expense in their modest budget. The husband, a 100-percent disabled veteran, wrote poignantly to me, "... it would help us out so much if CHAMPVA would continue to cover my wife's medical care."

In closing, I thank the Gold Star Wives Association for their dedication and for bringing this issue to my attention. We must never forget that the costs of military service are borne not only by the servicemember alone, but by their families as well.

I hope the Committee on Veterans' Affairs will expedite passage of this bill out of committee. CHAMPVA beneficiaries are depending upon it.

##### THE 100TH ANNIVERSARY OF THE ARMADA FREE PUBLIC LIBRARY

• Mr. LEVIN. Mr. President, I rise to congratulate the residents of Armada and the Armada Free Public Library on the occasion of its one-hundredth anniversary. Residents in my home State of Michigan will be gathering this Sunday, April 1, 2001 to celebrate this important milestone.

The Armada Free Public Library is a dynamic community institution, with

a proud tradition of serving the needs of all residents of the growing community in which it is located. This commitment to community service is manifested in the library's efforts to provide access to over 25,000 books and many periodicals, as well as access the World Wide Web. In addition, the Armada Free Public Library serves as a barrier-free gathering place for community and civic groups.

The Armada Free Public Library was established on April 1, 1901. It was on this day that village residents approved a mill tax to fund the library by a resounding vote of 144 to 48. The library opened on August 10th of the same year with 87 books on its shelves.

In the ensuing years, the library grew from these humble origins to continue serving the needs of area residents. In particular, the early library emphasized its ability to serve as a meeting place for conferences, clubs and children located in this bustling farming community. Given its central role in the community, it is only natural that as Armada grew the Free Public Library needed to grow with it. Were it not for the efforts of philanthropists and concerned voters, the Armada Free Public Library may not have reached this historic anniversary. A grant provided by the Carnegie's enabled the library to move into a new facility in 1915, and subsequent efforts by local voters and philanthropists, such as the estate of the late Elizabeth Pomeroy, ensured both the growth of the library and its continued economic viability.

Mr. President, I have mentioned only a small portion of the dynamic history of the Armada Free Public Library and the many ways in which the library has remained committed to this community. I know my colleagues will join me in honoring the Armada Free Public Library for its service to the people of Armada and the State of Michigan.●

##### RECOGNITION OF ROSARY HIGH SCHOOL

• Mr. BOND. Mr. President, I rise to recognize Rosary High School's outstanding accomplishments and to congratulate them on their 40th anniversary and rededication which will take place on April 29, 2001.

Originally Archbishop Joseph Ritter dedicated the building for Rosary High School in St. Louis on April 29, 1962. Since its first graduating class in 1965, Rosary High school has proudly graduated 8,000 students. Over the years its students have done an outstanding job of serving the St. Louis community by completing more than 100 hours of community service per student.

Rosary High School continues to maintain an excellent academic record with average ACT scores that are above the state and national norms. Fifty percent of their graduating class has received scholarships to college.

Rosary High School has excelled in their athletic programs. Over the past 40 years they have repeatedly won the State championship in soccer, as well

as championships in volleyball and basketball.

Rosary High School is an exemplary High School. The School, faculty, and students are an asset to the St. Louis community. It is my sincerest hope that the next forty years are as successful as the last.●

##### TRIBUTE TO PATRICIA MULROY

• Mr. REID. Mr. President, I rise today to honor a distinguished Nevadan, a good person and a good friend, Patricia Mulroy. Pat will be receiving the National Jewish Medical and Research Center's Humanitarian Award on April 28, 2001.

The Humanitarian Award honors people who have made significant civic and charitable contributions, people who have chosen to devote their lives to making their communities better places to live.

Pat first moved to Las Vegas in 1974, and began making her mark almost as soon as she arrived as a young student at the University of Nevada-Las Vegas by being admitted to Phi Kappa Phi and being listed in Who's Who in American Colleges and Universities.

After college, Pat began her career in public service by working in the Clark County Manager's Office. She was appointed the county's first Justice Court Administrator in 1984, and later was appointed General Manager of the Las Vegas Valley Water District.

Those of us who live in the southwestern United States know how important, and scarce, water is to our States. Pat took over as General Manager of the Water District during one of the most difficult periods in Southern Nevada's water history, a year when the community began growing at the rate of 3000 to 5000 residents per month, a trend which has only increased. In response, in 1991, Pat was appointed the first General Manager for the Southern Nevada Water Authority, an agency created by the state legislature to oversee competing governmental interest in water.

Since then, Pat has become known nationally as an expert on water issues. She is a member of the American Water Works Association and currently sits on the Board of Directors of the Association of Metropolitan Water Agencies. In 1992 she helped found and was the original chairman of the Western Urban Water Coalition. She is also a member of the Colorado River Water Users Association and has served on its Board of Directors. She serves on the Desert Research Institute Research Foundation Board of Trustees and received the University and Community College System of Nevada Board of Regents' 1999 Distinguished Nevadan Award.

Those of us who have had the privilege of knowing Pat personally know her as more than a public advocate and expert on water issues. We also know her as a loving wife to her husband Robert, a devoted mother of two children, Ryan and Kelley, and a leader
